

### **OEF/OIF VETERANS:**

**Thank you for your service in Iraq and/or Afghanistan! Many veterans face considerable challenges coming home, and we would like to assist you in your return to civilian life.**

**To support you and your family, we are conducting two studies on groups designed to improve your marriage or committed relationship. Some groups are for veterans only while others are for couples.**

**Your input is valuable to us! So, we will pay you for completing study-related questionnaires and interviews. More importantly, the results from these studies may improve services for other veterans and their families.**

**If you are interested and want additional information, please call:**

**The OEF/OIF Couples Intervention Program  
at the University of Arkansas (479-575-3770)**
